Register for an Account

Save your information for faster booking later

2. Follow the prompts and steps to complete account registration. (There is another document on registering for a class with an account for further information)

Note: Once your client creates a Client Account, their name, phone number, and email address will be pre-filled on the contact page on the Client's Scheduling Page if the clients is using the same computer/browser. Client Accounts also allow clients to save their credit card information, if they'd like.
